- G. Hold Harmless Provision: The Applicant acknowledges and agrees that the Applicant shall be and is responsible for all costs of the Agency incurred in connection with any actions required to be taken by the Agency in furtherance of the Application including the Agency's costs of general counsel and/or the Agency's bond/transaction counsel whether or not the Application, the proposed Project it describes, the attendant negotiations, or the issue of bonds or other transaction or agreement are ultimately ever carried to successful conclusion and agrees that the Agency shall not be liable for and agrees to indemnify, defend, and hold the Agency harmless from and against any and all liability arising from or expense incurred by: (i) the Agency's examination and processing of, and action pursuant to or upon, the Application, regardless of whether or not the Application or the proposed Project described herein or the tax exemptions and other assistance requested herein are favorably acted upon by the Agency; (ii) the Agency's acquisition, construction and/or installation of the proposed Project described herein; and (iii) any further action taken by the Agency with respect to the proposed Project including, without limiting the generality of the foregoing, all causes of action and attorney's fees and any other expenses incurred in defending any suits or actions which may arise as a result of any of the foregoing. Applicant hereby understands and agrees, in accordance with Section 875(3) of the New York General Municipal Law and the policies of the Agency that any New York State and local sales and use tax exemption claimed by the Applicant and approved by the Agency, any mortgage recording tax exemption claimed by the Applicant and approved by the Agency, and/or any real property tax abatement claimed by the Applicant and approved by the Agency, in connection with the Project, may be subject to recapture and/or termination by the Agency under such terms and conditions as will be established by the Agency and set forth in transaction documents to be entered into by and between the Agency and the Applicant. The Applicant further represents and warrants that the information contained in this Application, including without limitation information regarding the amount of the New York State and local sales and use tax exemption benefit, the amount of the mortgage recording tax exemption benefit, and the amount of the real property tax abatement, if and as applicable, to the best of the Applicant's knowledge, is true, accurate and complete.
- H. This obligation includes an obligation to submit an Agency Fee Payment to the Agency in accordance with the Agency Fee policy and schedule effective as of the date of this Application. (*See Fee Schedule at the front of the Application.*)

- J. If the Applicant fails to conclude or consummate the necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable proper or requested action, or withdraws, abandons, cancels, or neglects the Application, or if the Applicant is unable to find buyers willing to purchase the bond issue requested, or if the Applicant is unable to facilitate the sale/leaseback or lease/leaseback transaction, then, upon the presentation of an invoice, Applicant shall pay to the Agency, its agents, or assigns all actual costs incurred by the Agency in furtherance of the Application, up to that date and time, including but not necessarily limited to, fees of the Agency's general counsel and/or the Agency's bond/transaction counsel.

The Applicant further covenants and agrees that its Project is potentially subject to termination of Agency financial assistance and/or recapture of Agency financial assistance so provided and/or previously granted.

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
- P. The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.
- Q. The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the

APPENDIX A

Payment In Lieu of Tax Agreement (PILOT)

Policies & Process Guidelines

A Payment In Lieu of Tax Agreement (PILOT) is a negotiated tax abatement or structured property tax schedule which may be obtained under the authority of the Agency. (Please see the Agency's Uniform Tax Exemption Policy for more detail regarding Agency real property tax abatements and other incentives at www.rocklandida.com.)

Unlike many industrial development agencies, the Rockland Agency *does not* have the authority to impose a PILOT, or any type of property tax abatement or condition, on the local taxing jurisdictions. Further, it is at the sole discretion of the local taxing jurisdictions to participate or not.

However, the Rockland Agency *does* have the authority to facilitate and implement a PILOT should the project applicant and taxing jurisdictions agree to the terms and structure of a property tax agreement.

Given the above, the Agency does not either advocate for or against a PILOT. As such, it is the sole responsibility of the Agency project applicant to determine if the involved tax jurisdictions choose to participate in a PILOT agreement and then negotiate the terms of the agreement.

To assist Agency project applicants in the PILOT process, however, the following guidelines are provided:

- Provided the project is eligible for consideration to receive Agency incentives, the applicant must indicate “yes” or “no” that a PILOT is requested on the Agency’s “Application For Financial Incentives”, Section D, Page I-5.
- If the project is eligible for consideration, the Agency board will consider an Inducement Resolution that authorizes the applicant to request and negotiate a PILOT with the local taxing jurisdictions.
- Taxing jurisdictions eligible to participate in a PILOT include the town in which the project is located, the affected village (if applicable), and the affected school district. The County does not participate in PILOTs (unless the project has a unique County-wide impact). The Agency can assist in identifying the affected taxing entities and the individuals from the taxing jurisdictions that should be contacted regarding a proposed PILOT.
- The first step in the PILOT process is arranging an (informal) meeting with all the taxing jurisdictions, the Agency, and the applicant so a discussion can be held regarding the applicability of a PILOT and what structure may be considered. It is recommended that this meeting take place following Agency inducement (which confirms the project’s eligibility for incentives and a PILOT).
- While the Agency Executive Director can assist in arranging this first meeting, it is ultimately the responsibility of the applicant. It is recommended that the meeting include representatives from all the taxing jurisdictions and the Agency.
- Each PILOT structure is unique. As such, each PILOT – if agreeable to the taxing jurisdictions – reflects a negotiated structure that addresses the financial need of the applicant, while meeting the economic development objectives of the taxing jurisdictions and the Agency.
- A strong, stable tax ratable base and revenue predictability are often key objectives of the taxing jurisdictions. It is recommended that the applicant recognize and address both of these elements when proposing a property tax structure. While the applicant is responsible for proposing and negotiating a PILOT, the Agency and town assessors are often resources that can assist in providing historical references of similar project PILOTs, current assessed value of the site, etc.
- Special Note: Taxing jurisdictions will not formally consider a PILOT that involves a property that has a pending tax grievance. While a PILOT may resolve issues involving a tax dispute, any pending grievance(s) must be withdrawn by the property owner prior to final PILOT approval.

- Each taxing jurisdiction has the individual choice to participate (or not) in a PILOT. It is not required that all taxing entities participate in a PILOT.
- If and when a PILOT is informally agreed to by the participating parties, the Agency counsel will prepare a draft agreement for review by all.
- A formal resolution for PILOT approval is required of all taxing jurisdictions. A copy of the resolution(s) must be provided to the Agency. It is the responsibility of the applicant to ensure the matter is formally considered and adopted by the involved taxing jurisdictions. While the County does not provide tax abatements (unless specifically included), the County does participate in the approval process, by both formal resolution and signing of agreements. The County will only consider approval after all the other local taxing jurisdictions have approving resolutions in place.
- It is important to note that the PILOT is not considered to be approved until all participating parties have passed approving resolutions and have signed a final PILOT agreement.
- Regardless of when a PILOT is formally approved, it will not go into effect until the next March 1 taxable status date.

As with each of its incentives, the Agency has a fee schedule for PILOTs. The applicant is required to pay all applicable fees upon project/PILOT closing. Please refer to the PILOT fee schedule at the beginning of this Application to determine applicable fees.

As a final note, because each Rockland Agency PILOT is unique, there is an inherent flexibility in the (informal) negotiating and meeting process. To this end, the Agency encourages the applicant to discuss the matter with the Agency Executive Director and Agency Counsel to ensure that the process is as effective and efficient as possible for all parties.

Local Construction Labor Policy

The Agency (the “Agency”) has adopted a Local Construction Labor Policy, effective April 1, 2022, as follows:

A project applicant (the “Company”), as a condition to receiving Financial Assistance (such as, and including a sales tax exemption, mortgage recording tax exemption, real property tax abatement, and/or bond financing) from the County of Rockland Industrial Development Agency (“Agency”), will be required to utilize qualified Local Labor, as defined below, for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the “Project Site”).

Local Labor Defined

Local Labor is defined as individuals residing in the following Counties: Rockland, Orange, Westchester, Putnam, Ulster, Sullivan, and Dutchess (collectively, the “Local Labor Area”).

Local Labor Requirement

At least 80% of the total number of employees working at the Project Site, excluding construction project management, of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively, the “Workers”) working on the Project Site must reside within the Local Labor Area. Companies do not have to be local companies as defined herein but must employ local Workers residing within the Local Labor Area to qualify under the 80% Local Labor criteria.

It is understood that at certain times, Workers residing within the Local Labor Area may not be available with respect to a Project Site. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Labor Requirement (the “Local Labor Waiver Request”) based on the following circumstances: (i) warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers; (ii) specialized construction for which qualified Local Labor Area Workers are not available; or (iii) documented lack of Workers meeting the Local Labor Area requirement.

The Agency may require an outside consultant of its choosing be hired by the Company to assist in reviewing any waiver requests that may be submitted. The Agency shall evaluate the Local Labor Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

Local Labor Reporting Requirement

Companies authorized to receive Financial Assistance from the Agency will be required to file or cause to be filed a Local Labor Utilization Report (the “Report”) on such form as made available by the Agency, and as directed by the Agency, which will identify, for each Worker, the city, town, or village and associated zip code in which each such Worker is domiciled. The Report shall be submitted to the Agency, or its designated agents as follows: (i) immediately prior to commencement of construction activities; and (ii) on or by the next following quarterly dates of January 1, April 1, July 1, and October 1 and each quarterly date thereafter through the construction completion date.

The Agency, or its designated agents, shall have the right, during normal business hours, to examine and copy the applicable books and records of the Company and to perform spot checks of all Workers at the Project Site to verify compliance with the Local Labor Requirement throughout the construction period.

Enforcement

If Agency staff determines that: (i) the Local Labor Requirement is not being met; or (ii) upon use of its reasonable discretion, discovers or becomes aware of a compliance issue related to the Local Labor Requirement, then written notice delivered personally or by reliable overnight delivery service (i.e. Federal Express) of said Local Labor Requirement violation (the “Notice of Violation”) shall be provided to the Company.

Within ten (10) business days after the delivery of a Notice of Violation, the Company shall:

- (i) provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement; or
- (ii) submit the Local Labor Waiver Request as described above; or
- (iii) confirm in writing its inability to meet the Local Labor Requirement.

If the Company does not respond to the Agency’s Notice of Violation within ten (10) business days thereafter, or if the Company confirms its inability to meet the Local Labor Requirement, then the Agency shall immediately terminate any and all Financial Assistance being provided to the project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the project. If a Local Labor Waiver Request is submitted and the Agency declines to issue the requested waiver, then the Company shall have ten (10) business days after receipt of the notice of the waiver request denial to provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement. If the Agency does not receive such confirmation, the Agency shall then immediately terminate any and all Financial Assistance being provided to the project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the project.

Escrow

The Agency, in the review or enforcement of its Labor Policy, may refer such matter to such consultants/professionals as it deems necessary to enable it to review or enforce the Labor Policy. The fees for such services shall be paid for by the Company.

At the time of submission of any application, the Agency may require the establishment of an escrow account from which withdrawals shall be made to reimburse the Agency for the costs of professional review services in connection with the Labor Policy.

The sum deposited shall be held by the Agency in a separate account for the benefit of the Company and will be disbursed by the Agency for payment of consultant/professional fees in accordance with the usual requirements of the Agency for the payment of bills.

If such account is not replenished within 30 days after the Company is notified of the requirement for such additional deposit, the Agency may take appropriate action under applicable law and exercise its remedies under the underlying Agency documents, including but not limited to recapture.

After all pertinent charges have been paid, the Agency shall refund to the Company any funds remaining on deposit.

Project Compliance

This Local Construction Labor Policy shall take effect with respect to each project beginning on the day the Agency takes initial official action with respect to a project (such as the adoption by the Agency of an Inducement Resolution). Failure of a Company to comply with the Local Construction Labor Policy on and after such date may result in the Project's ineligibility for Agency benefits, and may be subject to the Project being denied Agency benefits, being subject to rescission of further Agency benefits, or being required to return of all or a portion of Agency benefits previously received.

Miscellaneous

This Labor Policy shall not apply if the Project is subject to prevailing wage requirements pursuant to NYS Labor Law section 224-a, as amended.

This Labor Construction Labor Policy may be amended by the Agency from time to time in a manner that is in accordance with applicable laws, rules and regulations, as modified or amended by local, state and/or federal law.

Construction Prevailing Wage Policy

On January 1, 2022, amendments to the State Labor Law (the “State Prevailing Wage Act”) requiring certain state agencies, including the Agency, to require beneficiaries of financial assistance to comply with certain prevailing wage requirements if certain threshold criteria are met (the “State Prevailing Wage Requirements”). The Agency has adopted the State Prevailing Wage Requirements as the Agency’s prevailing wage requirements for construction work on projects (and future construction modifications) receiving Agency financial assistance and rescinded any prevailing wage requirements that may previously have been in effect. The Agency policy reflected in the state Prevailing Wage Act will remain effective, regardless of whether the State defers enforcement of the applicable provisions. Statutory amendments to the State Prevailing Wage Act, as well as implementation regulations that may be adopted by the State, shall be incorporated in the Agency’s Construction Prevailing Wage Policy upon the applicable effective dates specified in such amendments or regulations.

The Rockland Agency requires companies receiving financial assistance from the Agency to comply with the provisions of the State Prevailing Wage Act. Following is a brief summary of the State Prevailing Wage Requirements, including thresholds below which the requirements do not apply. The full text of the State Prevailing Wage Act is included following the summary.

Prevailing Wage Requirement Applies Only to Covered Projects

The requirements to pay prevailing wages applies only to “Covered Projects”. A project is a Covered Project only if all of the following criteria are met:

- (a) the construction work being considered must be under contract;
- (b) such construction work must be paid for in whole or in part out of public funds;
- (c) the amount of all such public funds, when aggregated, must be at least thirty percent of such total construction costs; and
- (d) total construction project costs must exceed \$5 million.

Certain exclusions from the term “Covered Projects” are identified in the text of the State Prevailing Wage Act attached hereto. Two notable exceptions are (1) certain types of projects, such as brownfields, affordable housing, historic preservation, small renewable energy projects and others and (2) construction work performed under a pre-hire collective bargaining agreement between an owner or contractor and a bona fide building and construction trade labor organization that satisfies certain criteria.

The phrase “paid for in whole or in part out of public funds” means:

- (a) the payment of money, by a public entity, or a third party acting on behalf of and or the benefit of a public entity, directly to or on behalf of the contractor, subcontractor, developer or owner that is not subject to repayment;
- (b) the savings achieved from fees, rents, interest rates, or other loan costs, or insurance costs that are lower than market rate costs; savings from reduced taxes as a result of tax credits, tax abatements, tax exemptions or tax increment financing; savings from payments in lieu of taxes; and any other savings from reduced, waived, or forgiven costs that would have otherwise been at a higher or market rate but for the involvement of the public entity;
- (c) money loaned by the public entity that is to be repaid on a contingent basis; or

- (d) credits that are applied by the public entity against repayment of obligations to the public entity.

Certain exclusions from the term “public funds” are identified in the text of the State Prevailing Wage Act attached hereto.

Note that the concept of “paid for in whole or in part out of public funds” is not limited to financial assistance provided by the Agency, but aggregates funds from all public sources.

Additional Company Compliance Requirements

If a Project is a Covered Project, the Company will be required to comply with the New York State Prevailing Wage Law, Labor Law, Article 8, Section 220 et. seq. as if the Project was a “public work” project as defined by the statute. Not less than the current prevailing rate of wages as determined by wage schedules provided by the Bureau of Public Work shall be paid to all laborers, workers and mechanics performing work at the Project. All contractor’s bonds, if required, shall include a provision as will guarantee the faithful performance of such prevailing wage requirement in connection with the Project.

Additional requirements shall include, but not be limited to: (a) the contractor must send a written request to the Labor Department's Bureau of Public Work for an appropriate wage schedule, (b) the contractor must attach the wage schedule to the bid specifications, (c) when awarding a contract, the contractor must attach the wage schedule to the contract, and (d) before work begins, the contractor and subcontractor(s) must post wage schedules at the construction site so that workers know what they are entitled to.

Contractor shall ensure that all agreements with its subcontractors to perform work on or at the Project contain the following provisions:

- (a) Subcontractor shall comply with the New York State Prevailing Wage Law, Labor Law, Article 8, Section 220 et. seq. as if the Project was a “public work” project as defined by the statute for all construction, alteration, demolition, installation, repair or maintenance work over \$1,000 performed at the Project; and
- (b) Subcontractor’s obligations under prevailing wage laws include without limitation: pay at least the applicable prevailing wages as if the project was a “public work” as defined by the statute for activities performed at the Project; comply with overtime and working hour requirements; comply with apprenticeship obligations, comply with payroll recordkeeping requirements; and comply with other obligations as required by law.

Contractor shall ensure that the above requirements are included in all its contracts and any layer of subcontractors for activities for the Project.

This Construction Prevailing Wage Policy may be amended by the Agency from time to time in a manner that is in accordance with applicable laws, rules and regulations, as modified or amended by local, state and/or federal law.
