Local Construction Labor Policy

The Agency (the “Agency”) has adopted a Local Construction Labor Policy, effective April 1, 2022, as follows:

Project applicants (the “Company”), as a condition to receiving Financial Assistance (including a sales tax exemption, mortgage recording tax exemption, real property tax abatement, and/or bond proceeds) from the Rockland County Economic Assistance Corporation (“Agency”), will be required to utilize qualified Local Labor, as defined below, for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the “Project Site”).

Local Labor Defined

Local Labor is defined as individuals residing in the following Counties: Rockland, Orange, Westchester, Putnam, Ulster, Sullivan, and Dutchess (collectively, the “Local Labor Area”).

Local Labor Requirement

At least 80% of the total number of employees working at the Project Site, excluding construction project management, of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively, the “Workers”) working on the Project Site must reside within the Local Labor Area. Companies do not have to be local companies as defined herein but must employ local Workers residing within the Local Labor Area to qualify under the 80% Local Labor criteria.

It is understood that at certain times, Workers residing within the Local Labor Area may not be available with respect to a Project Site. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Labor Requirement (the “Local Labor Waiver Request”) based on the following circumstances: (i) warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers; (ii) specialized construction for which qualified Local Labor Area Workers are not available; (iii) documented lack of Workers meeting the Local Labor Area requirement.

The Agency may require an outside consultant of its choosing be hired by the project to assist in reviewing any waiver requests that may be submitted. The Agency shall evaluate the Local Labor Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

Local Labor Reporting Requirement

Companies authorized to receive Financial Assistance from the Agency will be required to file or cause to be filed a Local Labor Utilization Report (the “Report”) on such form as made available by the Agency, and as directed by the Agency, which will identify, for each Worker, the city, town, or village and associated zip code that each such Worker is domiciled in. The Report shall be submitted to the Agency, or its designated agents as follows: (i) immediately prior to commencement of construction activities; and (ii)

on or by the next following quarterly dates of January 1, April 1, July 1, and October 1 and each quarterly date thereafter through the construction completion date.

The Agency, or its designated agents, shall have the right, during normal business hours, to examine and copy the applicable books and records of the Company and to perform spot checks of all Workers at the Project Site to verify compliance with the Local Labor Requirement throughout the construction period.

Enforcement

If Agency staff determines that: (i) the Local Labor Requirement is not being met; or (ii) upon use of its reasonable discretion, discovers or becomes aware of a compliance issue related to the Local Labor Requirement, then written notice delivered personally or by reliable overnight delivery service (i.e. Federal Express) of said Local Labor Requirement violation (the "Notice of Violation") shall be provided to the Company.

Within (10) business days after the delivery of a Notice of Violation, the Company shall:

- (i) provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement; or
- (ii) submit the Local Labor Waiver Request as described above; or
- (iii) confirm in writing its inability to meet the Local Labor Requirement.

If the Company does not respond to the Agency's Notice of Violation within ten (10) business days thereafter, or if the Company confirms its inability to meet the Local Labor Requirement, then the Agency shall immediately terminate any and all Financial Assistance being provided to the project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the project. If a Local Labor Waiver Request is submitted and the Agency declines to issue the requested waiver, then the Company shall have 10 business days after receipt of the notice of the waiver request denial to provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement. If the Agency does not receive such confirmation, the Agency shall then immediately terminate any and all Financial Assistance being provided to the project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the project.

Escrow

The Agency, in the review or enforcement of its Labor Policy, may refer such matter to such consultants/professionals as it deems necessary to enable it to review or enforce the Labor Policy. The fees for such services shall be paid for by the Company.

At the time of submission of any application, the Agency may require the establishment of an escrow account from which withdrawals shall be made to reimburse the Agency for the costs of professional review services in connection with the Labor Policy.

The sum deposited shall be held by the Agency in a separate account for the benefit of the Company and will be disbursed by the Agency for payment of consultant/professional fees in accordance with the usual requirements of the Agency for the payment of bills.

If such account is not replenished within 30 days after the Company is notified of the requirement for such additional deposit, the Agency may take appropriate action under applicable law and exercise its remedies under the underlying Agency documents, including but not limited to recapture.

After all pertinent charges have been paid, the Agency shall refund to the Company any funds remaining on deposit.

Project Compliance

This Local Construction Labor Policy shall take effect with respect to each project beginning on the day the Agency takes initial official action with respect to a project (such as the adoption by the Agency of an Inducement Resolution). Failure of a Company to comply with the Local Construction Labor Policy on and after such date may result in the Project's ineligibility for Agency benefits, and may be subject to the Project being denied Agency benefits, being subject to rescission of further Agency benefits, or being required to return of all or a portion of Agency benefits previously received.

Miscellaneous

This Labor Policy shall not apply if the Project is subject to prevailing wage requirements pursuant to NYS Labor Law section 224-a, as amended.

This Labor Construction Labor Policy may be amended by the Agency from time to time in a manner that is in accordance with applicable laws, rules and regulations, as modified or amended by local, state and/or federal law.

Construction Prevailing Wage Policy

On January 1, 2022, amendments to the State Labor Law (the “State Prevailing Wage Act”) requiring certain state agencies, including the Agency, to require beneficiaries of financial assistance to comply with certain prevailing wage requirements if certain threshold criteria are met (the “State Prevailing Wage Requirements”). The Agency has adopted the State Prevailing Wage Requirements as the Agency’s prevailing wage requirements for construction work on projects (and future construction modifications) receiving Agency financial assistance and rescinded any prevailing wage requirements that may previously have been in effect. The Agency policy reflected in the state Prevailing Wage Act will remain effective, regardless of whether the State defers enforcement of the applicable provisions. Statutory amendments to the State Prevailing Wage Act, as well as implementation regulations that may be adopted by the State, shall be incorporated in the Agency’s Construction Prevailing Wage Policy upon the applicable effective dates specified in such amendments or regulations.

The Rockland Agency requires companies receiving financial assistance from the Agency to comply with the provisions of the State Prevailing Wage Act. Following is a brief summary of the State Prevailing Wage Requirements, including thresholds below which the requirements do not apply. The full text of the State Prevailing Wage Act is included following the summary.

Prevailing Wage Requirement Applies Only to Covered Projects

The requirements to pay prevailing wages applies only to “Covered Projects”. A project is a Covered Project only if all of the following criteria are met:

- (a) the construction work being considered must be under contract;
- (b) such construction work must be paid for in whole or in part out of public funds;
- (c) the amount of all such public funds, when aggregated, must be at least thirty percent of such total construction costs; and
- (d) total construction project costs must exceed \$5 million.

Certain exclusions from the term “Covered Projects” are identified in the text of the State Prevailing Wage Act attached hereto. Two notable exceptions are (1) certain types of projects, such as brownfields, affordable housing, historic preservation, small renewable energy projects and others and (2) construction work performed under a pre-hire collective bargaining agreement between an owner or contractor and a bona fide building and construction trade labor organization that satisfies certain criteria.

The phrase “paid for in whole or in part out of public funds” means:

- (a) the payment of money, by a public entity, or a third party acting on behalf of and or the benefit of a public entity, directly to or on behalf of the contractor, subcontractor, developer or owner that is not subject to repayment;
- (b) the savings achieved from fees, rents, interest rates, or other loan costs, or insurance costs that are lower than market rate costs; savings from reduced taxes as a result of tax credits, tax abatements, tax exemptions or tax increment financing; savings from payments in lieu of taxes; and any other savings from reduced, waived, or forgiven costs that would have otherwise been at a higher or market rate but for the involvement of the public entity;
- (c) money loaned by the public entity that is to be repaid on a contingent basis; or

- (d) credits that are applied by the public entity against repayment of obligations to the public entity.

Certain exclusions from the term “public funds” are identified in the text of the State Prevailing Wage Act attached hereto.

Note that the concept of “paid for in whole or in part out of public funds” is not limited to financial assistance provided by the Agency, but aggregates funds from all public sources.

Additional Company Compliance Requirements

If a Project is a Covered Project, the Company will be required to comply with the New York State Prevailing Wage Law, Labor Law, Article 8, Section 220 et. seq. as if the Project was a “public work” project as defined by the statute. Not less than the current prevailing rate of wages as determined by wage schedules provided by the Bureau of Public Work shall be paid to all laborers, workers and mechanics performing work at the Project. All contractor’s bonds, if required, shall include a provision as will guarantee the faithful performance of such prevailing wage requirement in connection with the Project.

Additional requirements shall include, but not be limited to: (a) the contractor must send a written request to the Labor Department's Bureau of Public Work for an appropriate wage schedule, (b) the contractor must attach the wage schedule to the bid specifications, (c) when awarding a contract, the contractor must attach the wage schedule to the contract, and (d) before work begins, the contractor and subcontractor(s) must post wage schedules at the construction site so that workers know what they are entitled to.

Contractor shall ensure that all agreements with its subcontractors to perform work on or at the Project contain the following provisions:

- (a) Subcontractor shall comply with the New York State Prevailing Wage Law, Labor Law, Article 8, Section 220 et. seq. as if the Project was a “public work” project as defined by the statute for all construction, alteration, demolition, installation, repair or maintenance work over \$1,000 performed at the Project; and
- (b) Subcontractor’s obligations under prevailing wage laws include without limitation: pay at least the applicable prevailing wages as if the project was a “public work” as defined by the statute for activities performed at the Project; comply with overtime and working hour requirements; comply with apprenticeship obligations, comply with payroll recordkeeping requirements; and comply with other obligations as required by law.

Contractor shall ensure that the above requirements are included in all its contracts and any layer of subcontractors for activities for the Project.

This Construction Prevailing Wage Policy may be amended by the Agency from time to time in a manner that is in accordance with applicable laws, rules and regulations, as modified or amended by local, state and/or federal law.
